Press Release - For Immediate Release

Elk Point, S.D. – State's Attorney Jerry A. Miller said today that Angel Brewer, a 29 year old Sioux City, IA resident was sentenced on December 17, 2012 on one count of ingestion of controlled substance (Synthetic Marijuana), a class one misdemeanor. Brewer received a sentence of ninety-six days to the Union County jail. Eight days were used to sit out her court costs of eighty-four dollars and a fine of three hundred and fifty dollars. Brewer received credit for the remaining eighty-eight days she spent in jail prior to this final disposition of her case. Brewer was ordered to pay Prosecution Costs of three hundred and thirteen dollars and thirty-nine cents; and Court Appointed Attorney Fees.

Governor Daugaard signed an emergency bill into law making many forms of K2 a felony to possess on February 23, 2012. Following the new law, the DEA Tri-State Drug Task Force conducted a controlled purchase of synthetic marijuana from the retail store in North Sioux City, known as Mr. Yucks. On March 5, 2012 while the North Sioux City Police Department was assisting the DEA in the execution of one of three search warrants that the DEA was executing on that day involving Gregory Enright, the lease holder of a retail store in North Sioux City known as Mr. Yucks (a head shop) that was being used to sell various flavors and brands of K2. Brewer was a customer who entered the retail establishment on March 5, 2012 during the time frame when law enforcement was executing the search warrant. Brewer consented to the search of her vehicle which was occupied by a co-defendant, Donna Threelegs. Brewer admitted that she had recently used K2 and provided a urine sample for testing. That urine sample was positive for the following controlled substances: three separate chemical markers of synthetic marijuana; and methamphetamine, all of which are schedule one drugs having no medical benefit at all and deemed to be highly addictive.
