It is important to remember that a property is to be valued fairly and uniformly. A property cannot be assessed higher than actual market value and cannot be assessed higher than other comparable properties.

If anyone has questions on this, please contact your local Director of Equalization or the Department of Revenue.

BASIC ASSESSMENT INFORMATION

In South Dakota, it is the county assessor's responsibility to assign your property a value for tax purposes. For agricultural land, that value is based on the productivity value. For all other property, that value is equal to the amount for which it would sell on the open market. These values are sometimes called the "true and full value." After determining the market value and the classification of a parcel of property, the assessor sends a notice to the property owner. This assessment notice is to be mailed by March 1 of every year.

For non-agricultural property, county assessors determine the market value of property by using a combination of the following three approaches:

Cost approach - the assessor estimates the cost of replacing the property (structures), reduces that amount by its age (depreciation), and then adds the value of the land.

Market approach - the county assessor compares the subject property to like properties that have recently been sold.

Income approach - the assessor uses the value of the projected income from like properties to determine value.

The county assessor also classifies property as agricultural or non-agricultural. The assessor makes this determination by considering the property's primary use along with the amount of the owner's income derived from agriculture or the property size. All agricultural land is to be assessed using the productivity valuation method. Information concerning this valuation process and the data used to establish the values is available from your Director of Equalization and at the Department of Revenue and website at: https://dor.sd.gov/media/uxxjv0wm/2020-07_ag-land-productivity.pdf

Owner-occupied single-family dwelling designates that a property will receive a lower levy for school general fund tax purposes. To be eligible, the property owner must have filed an "Owner-Occupied Certificate" by March 15, 2025 (Any property previously designated as owner-occupied would remain so, unless it sold or had a change in use.)

You may appeal your property's owner-occupied status. This appeal is made directly to the County Board of Equalization. In your appeal you must state that you meet the qualifications which are:

- (1) You owned the property on November 1, 2024.
- (2) You occupied the property on November 1, 2024.
- (3) This is the only property you own that would receive the owner-occupied status.
- (4) That the property is your principal place of residence
- (5) You filed the certificate by March 15 2025.

You may also appeal the taxable/exempt status of your property. This type of appeal is made directly to the County Board of Equalization. Decisions of County Board of Equalization may be appealed in the same manner as other decisions.

PROPERTY OWNER'S RIGHTS AND DUTIES

As the owner of real property in South Dakota, you have the right and duty to ensure your property is being assessed at no more than market value, as well as assessed equitably in relationship to other properties.

When you receive your assessment notice, it is your duty to review the notice to ensure the property is listed correctly. Also check the assessed value. Ask yourself "If I sold this property, is this the amount I would expect to receive?" If it is higher than what you think you could sell it for, first talk to your county director of equalization. He/she can explain how the values were determined and show you his/her methodology used in determining your value. If you still disagree with the assessment on your property, your first step in the appeal process is to the local board of equalization. Your appeal must be for the total value of the property. An appeal on just the structure value or just the land value will be considered an appeal of the entire property.

A taxpayer must appeal first to the Local Board of Equalization ([SDCL 10-11-27.](#)) If they fail to do so, they forfeit their appeal rights to the remaining boards.

NOTE: The following people do not have to appeal to the local board before going to county board:

- ***Non-residents*** - A property owner is considered a non-resident if the person resides outside the local board jurisdiction. A non-resident does not have to appeal to the local board before appealing to county board but may do so if desired.
- ***Unorganized township property owners*** - as there is no local board for unorganized townships, these property owners appeal directly to the county board of equalization.

Any lessee responsible for payment of taxes pursuant to the provisions of a lease shall be considered the taxpayer and may also appeal the valuation, classification, taxable status of the property.

LOCAL BOARD

The first step in the appeal process is to the local board of equalization. The local boards consist of the township board of supervisors or the governing board of the municipality, and a member of the school board. The board's primary function is to determine that all taxable properties have been placed on the assessment roll and that a reasonable degree of equalization exists among these properties. The board, however, may only equalize assessments between individual properties. It may not change the level of assessment between entire classes of property, such as agricultural and non-agricultural.

To appeal to the local board, you must notify the clerk of the local board in writing. The clerk must receive your notification by March 13, 2025. Postmarked by this date is considered timely. A written appeal can be a letter, email, a signed PT17 form, or any other type of written notification. The appeal must include your name, the legal description of the property you are appealing, and should include a brief explanation of why you are appealing, such as "property is higher than market value".

Your local board clerk will notify you when your appeal will be heard by the local board. During this hearing, the form PT17 must be completed. If you appear at the hearing, the clerk will help you complete the form. Your explanation of your appeal may be in person or in writing. It should state the reason you are appealing your assessment. You must also have evidence to prove your point. Just stating the value is too high is not enough. Suggested points are: sales of properties you believe are similar to your property, assessments of properties similar to yours, etc. Point out how the properties are comparable to your property.

The local board must notify you in writing of the decision by March 28, 2025.

COUNTY BOARD

If you disagree with the decision of the local board, you may appeal to the county board. This board is composed exclusively of county commissioners. The county board's primary functions are to hear appeals from property owners in unorganized territories and appeals from local board decisions and to see that all classes of property are equalized.

To appeal to the county board, you must notify the clerk of the county board in writing. The written appeal must be received by the county auditor by April 1, 2025. Postmarked by this date is considered timely mailing. A written appeal can be a letter, an email, a signed PT17 form, or any other type of written notification. The written appeal must include your name, the legal description of the property you are appealing, and should include a brief explanation of why you are appealing.

The county board will notify you when your appeal will be heard. The county board must notify you of their final decision by May 2, 2025.

CONSOLIDATED BOARD OF EQUALIZATION

If your property is in a jurisdiction that has chosen to consolidate the local and county board of equalization, your first step of the appeal process is to appeal to the Consolidated Board of Equalization. Look on your assessment notice to see if this applies to your property. This board is composed of the county commissioners and members from the local board of equalization, which may include township supervisors or city commissioners, and school board members.

To appeal to the consolidated board of equalization, you notify the clerk of the consolidated board in writing. The written appeal must be received by the county auditor by April 1, 2025. Postmarked by this date is considered timely. A written appeal can be a letter, an email, a signed PT17 form, or any other type of written notification. The appeal must include your name, the legal description of the property you are appealing, and should include a brief explanation of why you are appealing, such as "property is higher than market value".

The consolidated board will notify you when your appeal will be heard. The consolidated board must notify you of their final decision by May 2, 2025.

OFFICE OF HEARING EXAMINERS

If you disagree with the county or consolidated board's decision, you may appeal to the Office of Hearing Examiners (OHE). OHE is a central panel of administrative law judges who hear appeals within state government. You may also appeal directly from the county board to the circuit court. You may not, however, appeal to the OHE and the circuit court simultaneously.

To appeal to OHE, you must write a letter to the chief administrative law judge. This letter must be mailed or received by May 16, 2025. If you appeal to the OHE, you will receive additional information from that office on how and when the hearing of your appeal will be conducted.

Please note that the Department of Revenue is not involved in any OHE hearings or decisions. For more information on preparing and presenting your case, please visit the OHE website at: <https://boa.sd.gov/ohe/default.aspx>

CIRCUIT COURT

If you disagree with the decision of OHE, you have the right to appeal to the circuit court. You may also take your appeal directly from the county board of equalization to the circuit court, bypassing the OHE. Please remember, you cannot appeal to OHE and Circuit Court simultaneously.

APPEAL TO CIRCUIT COURT FROM COUNTY OR CONSOLIDATED BOARD OF EQUALIZATION - An appeal to circuit court from the county board of equalization shall be filed within 30 days of the published notice as required by SDCL [10-11-26.1](#) or the written notice that has been served of the decision by the county/consolidated board of equalization.

APPEAL TO CIRCUIT COURT FROM OHE - To appeal to circuit court, you must do so within 30 days after receiving notice of the decision from the OHE.
